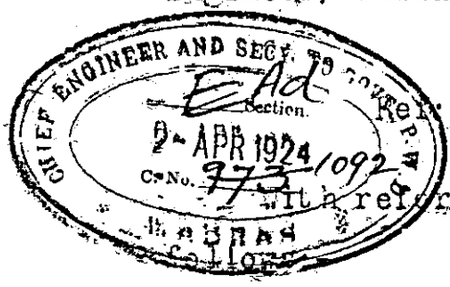
DATED 21.3.24

[Despatch Abstract.]

Cry urgent

Copy of letter No. 2250, dated 25-3-24, from the Executive Engineer, Bellary Division, to the Supg. Engineer, Madras Circle.



Ref. No. 243-By., dated 19-3-1924.

With reference to the above, I have the honour to report as follows.

I presume from what the Sanitary Engineer told me during his visit here on the 9th instant that the water works scheme should be completed within this year and hence the work has to proceed expeditiously as soon as grant is given. The existing staff at Bellary namely, Sub Divisional Officer, Bellary and the Town Works Supervisor have enough of the regular work on hand, and I think they cannot attend to this extra work. Besides the Sub Dl. Officer Bellary is in charge of the Famine operations at Kolur, and it is likely that more famine works might be started in course of time.

2 The Water Works Scheme Bellary therefore requires a separate Sub Division consisting of a Sub Dl. Officer and two supervisors. One supervisor will look after the construction of the Engine House and the laying of the pumping main, while the other is for the laying out of the distributaries in the town and the construction of the Service Reservoir. This establishment is necessary in case the work is to be finished as urgently as possible.

3. In this connection, I would like to point out that the supervisors to be posted should have had some experience of the construction of water works, and I have already got in my Division one Supervisor - Mr. A.R. Ramanarayana Ayyar who ~~was~~ carried out the Anantapur water supply scheme which is almost completed.

4 This is the minimum establishment that I require for the complete execution of the scheme within the next official year for 1924-25.

A proposition statement is herewith submitted.

As the work is urgent and has to be completed urgently, the proposal to constitute a Special Subdn to carry out the work may perhaps be approved with the concurrence of the Finance Department

2 The establishment required for the Subdivision is detailed in the proposition sheet. 2 clerks & 3 peons asked for is the minimum for a Subdn office and may be allowed. It is

is however observed that the pay proposed for the head clerk is higher than the minimum of the lowest scale allowed for clerks on the permanent estt. No special reasons have been given as to why the pay of Rs 80. is proposed. Apparently the higher rate of pay is intended to secure the services of an experienced clerk. The higher rate of pay may in the circumstances be recommended.

If the services of an experienced clerk are necessary, one can be found from the regular cadre and in his place a clerk on Rs 35 may be entertained, for whom alone sanction is accorded.

But P.W.D say that it is not possible to suggest any source at this stage and they propose to take up the question later on. As the matter is stated to be urgent the expenditure need not be objected to.. P.W.D may be requested to insert a para to the effect in the order that the orders regarding funds will be issued later on. The P.W.D. may be asked to take up the question of funds as early as possible, without waiting for about six months.

Funds. The extra cost on the leave worked out in para 3 of the P.W.D note on p 2 ante will now amount to Rs 4680, as both the clerks are to be on Rs 35 only. It will be seen from the note of the Finance Dept on pp 4 & 5 ante that they have agreed to the meeting of expenditure in anticipation of the allotment of funds. Action in regard to the necessary additional provision may be taken after the issue of the order. A para has accordingly been added to the draft.
